## Newsletter September - December 2017

Hello Quilting Friends:

We're amazed at how the months go by so fast and soon summer fades into fall and the holidays. We have an exciting schedule of projects and classes for your enjoyment.

There is a large selection of Christmas fabrics this year and some beautiful lines of fabrics to help you complete all of your projects. Be sure and check out the new wide backs.

Jan Donovan will return in September teaching Laura Heine's collage classes. These are lots of fun, so don't miss out.

Cheryl will be doing beginning hand embroidery and advanced hand embroidery with coloring. If you are interested in the coloring technique, this class is for you.

Rebekha will be teaching a kids class in September on a Saturday. Be sure and sign up early to assure a spot in this class.

Ann has included some bag classes this session as well as a couple of paper piecing projects. She also has some civil war miniatures.

Basic classes by Ann and Lou will continue for Skill builder, Basic 101, Machine Quilting, and Basic Fusible Applique. Check out the calendar for time and dates for these.

Classes with Lou will include a Crazy Curve variation and Set Sail by Jaybird Designs. There will only be one class in November for the Tuffet.

Check out behind the scenes for information about the Ever Sewn sewing machine. We think these are a great starter machine as well as a class machine.

There will be a mini retreat in September. Check schedule for details. If this is a successful event, we will look at continuing this type of event.

Our goal is to present classes and projects to inspire you. We hope that the classes we have chosen will do that.

Thank you for all of your support. Without you we couldn't do this.

Missey

Ann & Lou and our great staff

If The Quilt Store cancels the class due to illness or weather, the class will be rescheduled. Failure to attend a class will be deemed forfeiture of the class fee. Come to class prepared with all of your supplies. Please be prompt to class - you will need to be set up and ready to start at the designated class time. You will learn of special sales in our "Update" if you are on our mailing list.

### Why Shop Independents?

A few good reasons to choose independents over chain stores:

- **Excellent Service.** At independents, you can expect caring attention to your needs.
- **Superior Knowledge.** Independent shop staffs are quilters and sewers themselves, and have unsurpassed product knowledge that they pass on to you.
- **Count on Quality.** Fabrics, notions and tools available at independents are the highest quality.

### Four good reasons to purchase your fabric from a "brick & mortar store front":

1. You can feel the fabric and check for quality.
2. Colors on the internet are not always the true color.
3. You don't pay for postage.
4. Most importantly, it keeps your local quilt store in business!

Tell your quilting and sewing friends to unite and buy your goods from your local quilt store!
